The Origin of Mother's Day

THE thought of a special MOTHER'S DAY originated with Miss Anna Jarvis of Philadelphia in 1908, who was requested to get up a special service for the church which she attended.

The movement grew to such an extent that on May 8th, 1914, a joint resolution was approved at Washington, calling upon the President to request the governmental officials and the people of the United States to display the U. S. Flag as a public expression of our love and reverance for the mothers of our country.

The second Sunday in May was designated by President Wilson, and has been nationally observed since that date.

"The service rendered to us by by the American Mothers is the greatest source of the country's strength."

"God could not be everywhere,
and therefore He made mothers."
